To Whom It May Concern:

This is a letter of recommendation for Jeffrey Turner. Jeff worked for the town as a paid intern during the summer and fall of 2016. Jeffrey was in charge of implementing a new GIS program. Jeff was professional, reliable and knowledgeable during his time here and proved to be an asset to our department and various other departments in creating new online reporting programs to use with the GIS system.

It was a pleasure to meet and work with Jeff. If you have any other questions, please do not hesitate to contact me at 508-378-1622.

Sincerely,

Paula Wolfe
